

Electric Adjustable Height Workbench

Made
In The
U.S.A.

The UNIDEX Adjustable Height Workbench has been ergonomically designed to provide the greatest durability, versatility, flexibility and safety for your production needs.

With the UNIDEX EHW Adjustable Height Workbench you can fit the job to the worker and help reduce or eliminate musculoskeletal strain as you improve productivity. The operator can quickly and easily bring the table into ergonomically correct zones to accommodate different worker heights, sit/stand operations, product transfer and varying work piece dimensions.

The rugged electric hydraulic lift system plugs into a standard 110 VAC outlet, and is controlled by a remote held pendant or foot controls. Eighteen inches of vertical height adjustment is provided from 18" in the down position to 36" in the up position.

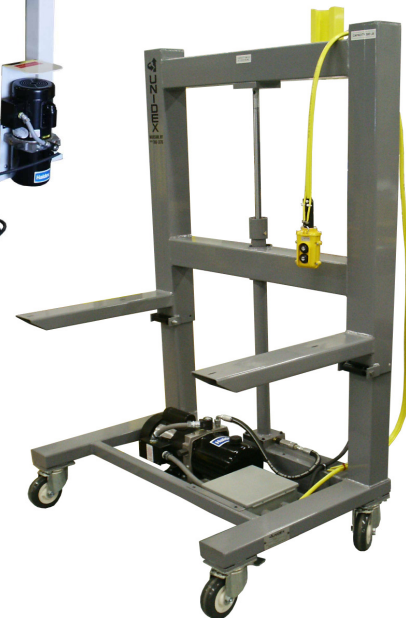

STANDARD FEATURES

- Electric hydraulic lift system
- 110 VAC power
- 500 lb. load capacity
- Lower height: 18"
- Raised height: 36"
- Table size: 60" x 30"
- Butcher block top

OPTIONAL FEATURES

- Other lift strokes available
- Manually tilting work surface
- Various work surface materials, including ESD, steel and laminate
- Custom work surface sizes
- Foot pedal height control
- Casters for portability
- Stainless steel construction

All UNIDEX workstations are designed and manufactured in the USA to exacting quality standards from welded carbon steel construction. Each unit receives a durable, baked-on powder coat finish, and undergoes rigorous quality testing before shipment.
